GOURMET DOUGH™

Clean labels.
Doing it the right way
without sacrificing taste.

We make it – You bake it!™

We make our recipes by hand, from scratch, in small batches with no trans fats. Over 350 recipes and seasonal specialties. We focus on clean labels without sacrificing taste, using premium ingredients like the finest chocolates, fresh eggs, organic pecans, unsalted butter and many other natural ingredients. There are easier ways to make gourmet dough, *but no better way*. We're an Ohio-based company that has been doing it the right way since 1977.

We also make creative, custom formulas on request for our customers' exclusive products.
